Perfumery, Tollet Articles,

In the matter of reaching the high egrees it is a close race bet een the hermometer and the college at them.

A BATTLESNAKE will not cross a hair rope. Experienced campers, when they fear that ruttlesnakes are around, encircle their camp with a bair lariat or two and feel secure.

In the early days of Virginia a law was made punishing with death the man who killed a hog, sheep or goat. This was done to provide for the increase of these animals.

THE loss of the British war ship Vicoria gives a hint of the way men will e sent to the bottom of the sea by holesale in time of battle when the great steel monsters use their rams.

PROF. BELL asserts that the flying machine is bound to come in the next ten years. There are enough high-flyers in the country to furnish an im-mense traffic for this method of transit.

A BLACK turtle weighing 2,000 pounds has been captured near Cape Lookout. The story would have been complete and vastly more interesting if the shell of said turtle had borne the inscription: C. Colombo, 1499."

Max sleep under every condition of bodily and mental suffering. Those condemned to die, even though terrorstricken at the thought of their im-pending fate, usually sleep during the

night before execution. MRS. STANNARD, the writer, who is best known by the name of John Strange Winter, says she knows of one happy marriage that was the result of proposal made on the fourthday after

the couple met. It is her own. in extent, has just been uncarthed in that extremely volcanic region on the eastern boundary of Lower California. In the liquid state it is a dull grey tint,

but when dry it assumes a very deep "why some millionaire does not found a free college for the education of poor and bright boys? There is more material in thousands of these boys than

there is in an equal number of rich men's sons. It would be an easy matter to single out the boys who should ave the benefit of the institution." THE Chinese consul general at San Francisco received and posted an ad-

dress from the emperor to the Chinese of America urging them to obey the laws of this country and give no further cause for prejudice. It also calls upon all Chinese to unite to sup-"highbinders" who have done o much to discredit the Chinese people in America. The address indicates no displeasure on the part of the emperor with the American government.

THE Jews are not the only religious sect which the Russian government is opposing and driving out in its efforts to Russianize all its possessions. In Russian-Poland severe anti-Catholic laws have been put in force and an at-tempt will be made to drive Catholics into the Russian church or out of the territory. In Finland the Russian cross is equally hard to bear for the Millinery, Dry Goods native population, which has been compelled to surrender its beliefs and traditions in favor of the Russian reli-

An epidemic of fatal somnambulism seems to be one of the phenomena of the summer. Cases are reported from all over the country of persons walking in sleep out of open doors and open windows, and pearly always losing life in consequence or being grieviously injured. Screens or bars would save fallen a victim to a curious disease for searcely an explanation. Six cases of this nature, four of them fatal, were reported in Chiengo in a week.

A GERMAN publishing firm has reof the latest notion in advertising and knowledge of woman nature. After printed in the leading newspapers a no-tice to the effect that a certain nobleman of wealth and position wanted a wife who should resemble the heroine in this story, whereupon every marriageable woman who saw the notice bought the book to see what the woman was like, and the work had an immense

THE problem of silent machinery cun-DENTIST a step nearer solution by the introduc-tion in Austria of cog-wheels made of pressed raw hide, which are to work in onjunction with wheels of cast iron. steel and other metals. The new wheels possess great strength. They do not require lubricating and are, therefore, clean in operation. They can be had ready made or in the form of raw hide disks for shaping by the purchaser. They are supported by a wooden framework, and after being cut the wheel is covered with a shellac so-

> THE effect good roads have upon the by the conditions prevailing in the broad level area of Delaware and the eastern shore of Maryland, lying im-mediately below the foothill region that borders Pennsylvania. The tract s a fine farming region, inhabited by a prosperous people who have dwelt long in the land. The young folks of one state think nothing of a ten or fifteen mile drive across country to dance in the other. Every man knows not only his neighbors of the same village or county, but half the inhabitants of bor

ounties in the other state. A nor playing with a toy pistol in a parn at Gibson, N. B., started a fire that burned eighty dwellings, two churches, the Canadian Pacific railway station and and twenty-five families homeless. This and twenty-ne ramines nomeless. Inis is a good object lesson in these days when a man deliberately buys a pistol and gives it to his son, "dear little John-rie," that be may amuse himself. That lew will deny that it is rather costly smusement. It will be continued so long as parents give their children all the guns, powder and matches they call for.

Would Not Believe His Story

B. L. Brasier, a Jerico (Cedar county) banker, is in trouble.

He claims that robbers came to his house, He claims that robbers came to his house, compeled him to go to the bank, open it, but that he told them the banker's safe was operated by a time-lock. He was then escorted to his home by the robbers, who told him to keep quiet or they would kill him. He lowered his wife out of a window, and she aroused the neithbors, who went to the bank. A pile of papers was found smoldering on the floor. The depositors requested Mr. Brasier to onen the safe and ascertain what had been taken by the robbers. This he refused to do, stating that he did not wish to make any examination until the return of A. A. Pyle, the bank's president, who was then and nearly all that day away from Jerico. Creditors became suspicious that the robbery was only a ruse to cover some chortage of the bank, and before night the officers of the bank were all under arrest, charged with fraud.

Congressman Bland spoke before the

The fifth state of the Union has considerably less than 2 per cent. of appointees.

WASHINGTON, June 28.—Hashood M. Dilley, own City, Okia, halls from the land office at the land office at the land office at the land office. vent banks and merchants have good down because they were unable to borrow at criti-cal times upon collateral worth 10) cents on the follar. They offered plenty of security and a high rate, but they were sacrificed. This purpose to make silver odious I think has had the opposite effect, and popularized it. It has, at any rate, popularized the idea that we have not sufficient money in circulation with which to meet the conference of our bank. silver or paper. We don't want the gold bugs or the silver humbugs to run our country, but we would like to have it so that when we have

Missouri Chautauqua, at Sedalia, the other day, on the silver question.

Speaking of the Sherman bill, he said he would favor its repeal only when a substitute was enacted that would more speakily hasten the free coinage of silver. In concluding his address, Mr. Bland referred to the late act of the council of India in suspending silver coinage, and thought that that action had been dictated by British influence in hope that it would tend to prevent the United States from adopting free coinage. He regarded it as a part of the conspiracy to strike down silver in this country.

Missouri Crops.

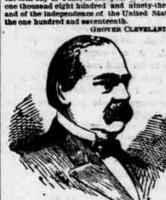

According to the late Missouri crop report the outlook for good crops is all that could be desired. Everything is growing rapidly, and with warm sun shiny weather for ten days most of the damage inflicted by storins in various appritions of the state will be overcome, crops will improve rapidly, and much needed cultivation will be accomplished. The loss to the already scant wheat crop will be seriously felt.

An Interview.

CONGRESS CALLED Monday, August 7.

ermined to call the extra sess

f congress for Monday, August 7. At 6 o'clock last evening the follow PROCLAMATION. WASHINGTON, D. C., June 30, 5 WHEREAS, The distruction, D. C., June 30, 5 WHEREAS, The distruct and apprehension recruing the financial situation, which per-ies stil business circles have already caused at losses and damage to our people and caten to crippie our merchants, stop the calls of membering the ring distress and de-

The president had left directions for the issuance of the proclamation be-fore his departure for Gray Gables session the first week in August, in stead of the first week in September, it is understood, was only definitely arto the numerous telegrams re-ceived from all parts of the country urging this course. An-other consideration which caused

cently arrived, in the lurch.

The facts appear to be that the disturbances of values arising from the uncertainties of the situation grew so alarming that Mr. Cleveland at last was compeled to acknowledge that the "unexpected" contingencies necessitat, "unexpected" contingencies necessitat, and New York bankers. was compeled to acknowledge that the "unexpected" contingencies necessitat, ing an earlier meeting of congress, which he spoke of in his celebrated intion of the British government in India brought matters to a crisis. Previous to that startling event Mr., Cleveland had manifested a firm determination to adhere to his plan of calling con-

tend to allay alarm and restore public extent of Mr. Cleveland's knowledge confidence. When to-day he found on the subject, but I know that they would not have repealed the Sherman the eastern and middle states, but also of the silver states of the northwest, urging that congress be called to-gether at the earliest day possible to end the uncertainty, he determined to this action the president took steps, as far as he could, to prevent its being taken before the stock exchange taken before the stock exchange closed, so as to avoid any appearance of exercising undue influence on the stock market. The effect of the announcement upon senators and representatives in the city was very marked. Senator Voorhees, chairman of the finance committee, first knew of the president's action when informed by a United Press representative.

MEMPHIS, Tenn., July 1.—A to reado swept across the eastern portion of Arkansas last night, leaving destruction in its path. All telegraph when we west of Memphis are down and details are meager, but it is known that the loss to property is enormous. The tornado struck Little Rock about 7 o'clock, unroofing houses, wrecking buildings

the case," said the senator, "it will not be long until we are again at work. Inasmuch as congress has to deal with this subject of finance, it is well that we get about it, and the sooner the better. I don't know that congress can or will bring ralief to the country, but it is our duty to make the effort and there is so wisdom in delay. The condition of the country certainly, to my mind, demands sery prompt and offers for the history of banking in our state. The field seems to have been overlooked. The field seems to have been overlooked. There is strong hard-money sentiment in the state. And a good deat off it is due to the inference of Thomas H. Benton. His views were so pronounced that he was known as "Old Bullon." Mr. Benton lived till about the line of the war, and was a power in the state along the 20 and 30. Away back is fifty, when he was a young man, he was a stockholder in one of the first tends started in Miss pair. The directors were carried away with the tide of speculation and image notes. Benton was opposed to inference and with the conservative minority fearing the state of the tide of the state of the

would he do so belove to-day. Inc. president. Mr. Cockrell said, had a right to issue a proclamation, as a matter of course, but for himself he had nothing whatever to say.

Representative Enloe, of Tennessee, said it was perfectly proper for the president to convene congress in extraordinary session under the eigeumstances. "It may restope public confidence," Mr. Enloe said, "still, it is a question in my mind whether or not congress can furnish any relief." Mr. Enloe believed it hardly probable that the Sherman law would be repealed without a substitute.

without a substitute.

Senator Ransom, of North Carolina, though the action of the president good and wise, but would advance no

early call of congress he would not speak, nor would he advance an opin-ion as to what action that body would

other consideration which caused the president to change his mind was foreshadowed in the remark made to one of his cabinet officers a few days ago that if the president received reasonable assurances that there was a likelihood of a prompt repeal of the so-called Sherman law he might be disposed to call congress together earlier than he had announced.

The president left here at 4:20 yesterday afternoon over the Pennsylvania road for Buzzard's bay. He will be absent three weeks or more, his stay depending upon circumstances. Secretary Lamont accompanied the Secretary Lamont accompanied the Theorem to the Total Col. Lamont got out of the coach and talked with the reporter. He said: "The president is going directly on the president is going directly on the president in the said: "The president is going directly on the said the president to see the said to the said the president to see the said the said the president to see the said the said the said the said the said the said the sa "The president is going directly on board of Mr. Benedict's yacht, which president as far as New York. The president's determination to leave the city was only reached yesterday morning, and his departure so suddenly leaves a number of important appointments agreed upon unsigned, and many senators and congressmen, who have recently arrived, in the lurch.

The fact consent to be that the discount of the sum of t

New Yors. July i.—Ex-President. Harrison last night, when asked his opinion of President Cleveland's call for an August session of congress, said that, presuming that the latest dispatches contained correct information, it was about the only thing Mr. Cleveland could consistently do. "If he thinks," said the ex-president, "that sion of silver coinage in India, the president resolutely declined to speak further about his intentions until he had been prepared to act, and each of his cabinot officers maintained a similar silence. It may be stated, however, without violation of confidence, that from the day when the announcement of the action of India was made, the president took steps to keep himself forewarned through the press dispatches of the slightest approach to panie in the money market, and was prepared at any moment to take the course which he has now adopted if it seemed to him that his so doing would in any way tend to allay alarm and restore public

A DESTRUCTIVE TORNADO.

"I think that perhaps altogether the
